### **Future Collaboration:**

Should you be interested to learn more on how we can collaborate in the near future please fill the initial registration: <https://forms.gle/KorZLVD5s73TpfDA>

We have various cultural programs that can introduce students to gain new cultural and educational insight, boost their personal development and gain confidence in intercultural communication. Let's learn and meet new friends outside the campus!

### **Program Agreement:**

We would like to create a partnership contract if your principal/president can sign the contract or a program agreement if it's not possible.

### **Teachers forum:**

Kindly check "The World Teachers Forum" where teachers can share their experience of WTW sessions. You may also check the actual conversations of the students during the program! <https://www.facebook.com/groups/311638549875903/>

We hope that this program can help students in both countries to broaden their perspective in what they are learning at their own campuses!

You may also check our company website: <https://withtheworld.co/>

Our program is FREE, don't hesitate to contact me for any questions or concerns.
